#### For Groundwater Transported Outside of District \*

Amount Transported Outside of District (in gallons): \_\_\_\_\_

District Rule 7.3(c): Groundwater transport fees shall be paid on a quarterly basis in arrears, even if water use fees are paid annually in accordance with Subsection (a)(1) of this rule. Quarterly payments for transport fees are calculated by adding a fifty (50) percent surcharge to the water use fee rate for any groundwater transported out of the District during the preceding quarter. Groundwater transport fees are due on the 15th day of the months of January, April, July, and October for the preceding three-month period.

\*Transport fee only applies to water transported for use outside of the District (outside of Ellis, Hill, Johnson, and Somervell counties), and is a fee charged in addition to the Water Use Fees. For more information, see District Rule 7.2.
