APPLICATION FOR TEST WELL

Upon approval by the District, the applicant at its own risk may drill a test well to conduct a pumping test to determine actual hydraulic property values at the well site, to conduct other tests to measure actual impacts on other wells, to conduct aquifer tests for the purpose of groundwater availability certification for platting under Title 30, Chapter 230, of the Texas Administrative Code, to serve as an observation well in such tests, or to explore for groundwater, or for any other lawful purpose. Complete one application for each well. An administrative fee must accompany this application; refer to https://www.prairielandsgcd.org/well-registration/district-fees/
